

Thomas Callahan

Designer / Developer • IamTomCallahan.com

Callahan.ta@gmail.com • 315.663.5663

Experience:

Dominion Marine Media 12-Present

As a designer/developer for this industry leading brand I was tasked with building custom websites and implementing yachtworld.com's worldwide MLS-style database of yachts. Using PHP, mySQL and creating custom wordpress themes I utilized logical, creative, problem solving to give yachtbrokers a stronger foothold in the competitive marine industry.

The experience gained from this company will stay with me throughout my career, the learning environment truly inspired me to become the best developer I can be.

Cooke Communications 08-12

As a web designer for this Key West company, my job was to take client's ideas from concept to mockup to a fully coded site.

Education:

Rochester Institute of Technology (RIT)

Bachelor of Fine Arts - Visual Media - 2008

Abilities:

HTML5	mySQL	Wordpress Development
CSS3	CMS	Web Analytics
PHP	Responsive Design	GitHub
jQuery	Adobe Creative Suite	AGILE Processes
Javascript	CSS Frameworks	Photography

Ideology:

I love to learn and experience new things, whether it be new technology, sports, places or people, I believe one's education should never end. I always insist on pushing the limits of my abilities and progressing to the next level of understanding.
